

WHAT IS THE RETAKE PROCESS?

To facilitate a retake photo, please ensure your child has another photo taken on the school's designated retake day.

On retake day, if you previously purchased a package, kindly have your child return their original photo package to the photographer. If you previously purchased a digital download, we request that you print the receipt and present it to the photographer.

We will then process a replacement package for your child with the retake photo, and this photo will serve as the new yearbook pose.
