

HOW CAN I BOOK A SENIOR SESSION?

To schedule a senior appointment, please visit the Legacy Studios website at <https://seniors.legacystudios.com/>.

From there, search your school's name to access your school's scheduling page. This page will provide you with detailed information regarding dress code requirements, available sitting options, and scheduling dates.

What if there are no appointments available? Keep checking back – new slots are released throughout the summer and fall.

How do I change an appointment? Click “View Appointment Details” in your confirmation email from scheduling@acuityscheduling-mail.com and you will be able to make necessary changes there.
Please note: you are unable to change or cancel 12 hours before an appointment.

What if I want a retake? Simply book a new appointment.

Looking to view your photos? Your gallery link will be emailed about 2 to 3 weeks after your session, once editing is complete.
